Plexus Named 2014 Partner of the Year by Impinj

NEENAH, WI, June 23, 2015 – Plexus Corp. (NASDAQ: PLXS), today announced that Impinj, a leading provider of RAIN RFID (radio-frequency identification) solutions that deliver Item Intelligence™, recognized Plexus as their 2014 Partner of the Year.

The award acknowledges Plexus for providing exceptional quality, on-time delivery, and collaborative engineering services for a new product introduction during 2014 that required quick-turn development of a complicated functional test solution.

YJ Lim, Plexus' Regional President in Asia - Pacific, commented, "We are proud and honored to be selected for this prestigious award from our long-term partner of more than 10 years. Plexus recently collaborated with Impinj to work through a complex new product introduction and executed a seamless transition to our manufacturing site in Penang, Malaysia. This award is a testament to our employees' dedication to meeting the unique needs of our customers and helping them succeed in their end-markets by delivering superior execution while providing unmatched flexibility."

Todd Kelsey, Executive Vice President and Chief Operating Officer, commented "Plexus is delighted to receive this recognition from Impinj. It is a reflection of our commitment to deliver Operational Excellence and Customer Service Excellence to our customers. Throughout our partnership we have provided Impinj with seamless global solutions that encompass new product development, manufacturing and aftermarket services. The relationship showcases the benefits of using the Plexus Product Realization Value Stream of services to enable a successful launch of a new product into the market."

"We are pleased to announce Plexus as our 2014 Partner of the Year for its quality manufacturing for the Impinj xArray and Speedway product lines," said John Quist, Senior Vice President of Operations and Quality for Impinj. "Plexus' ability to manufacture quality products enables our customers to gain Item Intelligence through superior performing products and we look forward to a continued partnership in the future."
