Plexus Celebrates Five Years in Downtown Neenah

NEENAH, WI, June 18, 2015 - Plexus Corp. (NASDAQ: PLXS) is celebrating the fifth anniversary of its new Global Headquarters in downtown Neenah. In 2010, Plexus completed the construction of its \$18 million office building on the old Neenah Glatfelter paper mill and adjoining sludge landfill site. The construction project won the 2012 Environmental Protection Agency's Brownfield Renewal Economic Impact Award for revitalizing the urban waterfront along the Fox River and Little Lake Butte Des Morts and turning the blighted land into a mixed use commercial site with an enhanced green space.

Angelo Ninivaggi, Senior Vice President, Chief Administrative Officer, General Counsel and Secretary, commented, "We are proud to be celebrating the five year anniversary of our presence in downtown Neenah. It is a great place for our people to work and enjoy all that downtown Neenah has to offer. Since 2010, Plexus has grown significantly. Our fiscal 2014 revenue is up 47% from fiscal 2010 and our Wisconsin employment has increased 16%. We are excited about the future and remain committed to our presence within the state."

In 2012, Plexus completed construction of a \$50 million, 410,000 square foot state-of-the-art manufacturing facility in Neenah. This site was the single largest commercial construction project in the history of Neenah. It provides employees an outstanding work environment, boasts sustainable energy features, showcases complex production capabilities, and is an excellent platform to attract customers and future growth.
